*****PETITION FILED BY ANTHEM COMMUNITY COUNCIL WITH 82 SIGNATURES *****

Attached are additional petitions signed by Anthem residents in support of deconsolidation of the Anthem/Agua Fria Wastewater District. These petitions are in addition to the previous files sent on November 4, 2011, November 11, 2011 and November 18, 2011. As of today, more than 600 residents have taken the time to sign the petition and share their comments on why they support deconsolidation. On behalf of Anthem residents, the Anthem Community Council would like the attached information from the petitions docketed with the Arizona Corporation Commission as well as sent to the Commissioners deciding this case so they're aware of where Anthem stands on this important issue.

As additional petitions are collected, they will be docketed with the Arizona Corporation Commission and sent to the Commissioners to continue to inform them on why Anthem residents support deconsolidation.

**PETITION IN SUPPORT OF DECONSOLIDATION OF
THE ANTHEM/AGUA FRIA WASTEWATER DISTRICT**

I, the undersigned, do hereby petition the Arizona Corporation Commission to approve the deconsolidation of the Anthem/Agua Fria Wastewater District for the following reasons:

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.

PETITION IN SUPPORT OF DECONSOLIDATION OF
THE ANTHEM/AGUA FRIA WASTEWATER DISTRICT

I, the undersigned, do hereby petition the Arizona Corporation Commission to approve the deconsolidation of the Anthem/Agua Fria Wastewater District for the following reasons:

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Comments:

Anthem customers of AAWC have been & continue to be treated
profoundly unfair by paying more than the cost of service
and by expectations of AAWC to subsidize customers of other
waste water systems. We expect and insist that our portion
be consistent within the AAWC systems. VLR

3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.

Comments:

It's obviously unfair for Anthem
to be the only customers who pay more
than cost of service

PETITION IN SUPPORT OF DECONSOLIDATION OF
THE ANTHEM/AGUA FRIA WASTEWATER DISTRICT

I, the undersigned, do hereby petition the Arizona Corporation Commission to approve the deconsolidation of the Anthem/Agua Fria Wastewater District for the following reasons:

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.

Comments:

Can we deconsolidate from Agua Fria Wastewater District. The sewage fees are incredibly high. My fee for sewage is getting to the point where it is impossible to just water my plants. The sewer bill was over \$100/month, close to \$150/month.

PETITION IN SUPPORT OF DECONSOLIDATION OF
THE ANTHEM/AGUA FRIA WASTEWATER DISTRICT

I, the undersigned, do hereby petition the Arizona Corporation Commission to approve the deconsolidation of the Anthem/Agua Fria Wastewater District for the following reasons:

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.

PETITION IN SUPPORT OF DECONSOLIDATION OF

THE ANTHEM/AGUA FRIA WASTEWATER DISTRICT

I, the undersigned, do hereby petition the Arizona Corporation Commission to approve the deconsolidation of the Anthem/Agua Fria Wastewater District for the following reasons:

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.

I, the undersigned, do hereby petition the Arizona Corporation Commission to approve the deconsolidation of the Anthem/Agua Fria Wastewater District for the following reasons:

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.

We here in Anthem cannot afford to pay for
water we don't use. We already have rates
higher than anyone in the valley. People here have
stopped watering their trees and plants and some
have already died. Food, rent, or water for plants -
A Real No-Blainer when people cannot afford all.
We need you to be fair, please.

I would ask the Commission to look at the
inequity Anthem residents are being forced to
pay for water service by doubling our water
bills. Hopefully, this inequity can be addressed
& reflect service fees only & not subsidizing of
other water customers.

3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.

Comments:

The cost born by the homeowner for delivery of water and its use here in Anthem is atrocious and unconscionable and needs to be more evenly and fairly distributed amongst AZ.-American Water Co.'s system users. It becomes more and more difficult to maintain a decent standard of living today (especially for the retired home owner on a fixed income) due to huge and unreasonable cost increases by AZ.-Amer. Water Co.
